Mandie Brooks
Registrar
Alexander College

Dear Mandie,

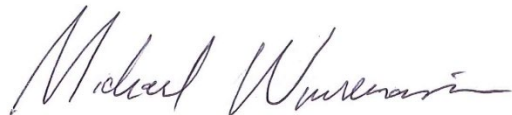

Re: Alexander College: Confirmation of Institutional Membership in the BC Transfer System

I am writing to confirm that Alexander College is an institutional member of the BC Transfer System.

Alexander College first entered the BC Transfer System in 2006 after receiving Ministerial consent to offer an Associate of Arts degree in BC. The institution has operated as a member of the BC Transfer System since that time, and confirmed its commitment to BCCAT and the BC Transfer System through a signed letter of assurance in 2017.

Please let me know if you require any further information or clarification regarding the participation of Alexander College with BCCAT and the BC Transfer System.

Sincerely,

Mike Winsemann, M.A.
Executive Director - Interim
BC Council on Admissions & Transfer
